

My time at Cedarwood has been the best working experience throughout my teaching career.

I enjoyed the sense of community, open engagement, and the support I received from the management and all the staff. As for the pupils, I will dearly miss them too.

My most impactful moments were the Tuesday workshops in which I learned a lot from the speakers and interns.

I will also miss the random chats under the lapa and getting a chance to have met every person at Cedarwood School.
