Cedarwood School Based Support Team (SBST) Offering

Academic Support

- Response to Intervention (RTI)
 - Scaffolded teaching in supportive small classes by the class teacher (Tier 1); Small group intervention with a learning support therapist (Tier 2); or individual intervention sessions out of the class with a learning support therapist (Tier 3)
 - Academic intervention focuses on the Core subjects of English and Maths, with an additional focus on the first additional language in the College.
 - Teachers flag pupils who need intervention to address gaps in their foundational skills. The movement between tiers of intervention is fluid and discussed in the regular meetings between academic and support staff, with the aim of reintegrating pupils back into Tier 1 support in the classroom.
- Reading intervention in the Prep School
 - Read for Africa
 - Reading Intervention Groups
- Homework support during extra murals in the Prep School
 - After School hours focused on supporting the completion of homework in small groups
- Extra lessons in the College
 - Subjects offer extra lessons before and after school on a rotational basis, which can be made compulsory by the teacher or parent if a pupil is identified as needing additional Tier 1 intervention.
 - Extra lessons occur before extra murals so as not to interfere with sporting or cultural interests.
- Individualised Education Programmes (IEPs)
 - Adapted curriculum content, which allows pupils to remain in class with peers whilst completing work and assessments from a younger grade.
- Accommodations
 - Additional support allowed in formal tests and exam settings to reduce the impact of a learning barrier. For example: Reader, Scribe, Prompter, Additional Time, Separate Venue, Spelling or Rest breaks.

- Justified internally through baseline assessments by the psychology team.
- Previous psychoeducational assessment reports are considered as evidence to support the application of accommodations.
- Applied for through the GDE/SACAI but provided by the school for formal tests or exams.

Emotional Support

- Play Therapy (Prep) with the Intern Educational Psychologists
- Individual Therapy (College)
- Trauma Debriefing and Crisis Intervention
- Bereavement Counselling
- Parent Counselling, Psychoeducation, and Support
